

# High Country Home Educators **enrichment** CLASSES

## Fall 2024 Registration Handbook

High Country Enrichment Classes are a unique and brilliant addition to families' homeschooling endeavors. While we all strive to provide a wholesome education for our children, there is much more that goes into homeschooling. High Country is a place where faith, community, support, and creativity can be found. Every day there are new people to meet and ways to serve each other. We strive to support families in classes and community. Each semester God provides teachers with unique classes that meet the needs of the families attending. It is an amazing ministry where we can see God at work in our daily lives. I see people step up to serve and learn new skills, students excel in a wide variety of subjects and leadership, and families caring and praying for one another. This is a community that is rare and I am blessed to be a part of it. This handbook will assist you in discovering the opportunities waiting for your family through HCEC. If you have any questions, please feel free to contact us. I look forward to seeing you next semester.

Blessings,  
Erica Danielson, Executive Director

## PREMIUM CLASSES WITH DUAL-ENROLLMENT OPTION

High Country Home Educators is now partnering with Colorado Christian University's CCU Academy to provide Dual Credit class options to our families. Through our dual credit program, students can jumpstart their college degrees without leaving their high school/homeschool campuses. Colorado Christian University is a four-year liberal arts university accredited by the Higher Learning Commission; therefore, our credits transfer to many colleges and universities. CCU Academy desires to support students by offering college credit options taught from a Christian worldview—in keeping with CCU's mission to provide *Christ-centered higher education transforming students to impact the world with grace and truth.*

These classes are Premium Classes at High Country, and the cost will be \$85 (cash discount) or \$89 (credit) for each class hour, paid to HCEC. Dual Credit will be an additional **optional** add-on and the cost for Dual Credit (DC) is \$200 for 3 college credits from Colorado Christian University. Registration for CCU Dual Credit will take place in January, as the courses are full year courses, two semesters. You will need to register for the DC courses both semesters at High Country in order to receive Dual Credit. You do *not* have to pay for Dual Credit in order to take these Premium classes at High Country. College credit registration is optional. DC Classes are taught by highly qualified High Country faculty, approved by CCU .

Benefits of taking CCU Dual Credit courses:

- Higher GPA in college
- Affordable college credit that transfers nationwide
- Prepares students for rigors of college courses
- Enter college with general education and elective courses completed
- Shortens the time required to complete an undergraduate degree, allowing for the option of pursuing an additional major

Teacher Assistants are not assigned to a classroom because of special needs.

### REGISTRATION

Although there is a 5-class limit per student on the first day of registration, this limit is lifted on the third day of registration with a second appointment.

## High Country Enrichment Classes (HCEC) Welcomes You and Your Family!

We look forward to seeing you around the halls of High Country! Now that you are here, you may be interested in knowing a few specifics about us.

### When, Where and How!

- Classes meet two days each week, Tuesday and Wednesday, for a 12-week semester. We have two separate semesters - Fall and Spring. Enrollment and payment are by semester.
- We enroll students in grades Kindergarten through High School. We also have some classes available to Adults.
- Twice a year we register for classes. You can request a Registration Appointment by logging onto our website at [www.hche.org](http://www.hche.org) and requesting a registration appointment. See page 43 for specific dates and information about requesting a Registration Appointment.
- All Registration is In-Person only. We meet on the campus of New Life Church in the Tent. Find all of the Registration forms that you will need to register on pages 47 and 49.

### Who's Involved?

- Once enrolled for classes, please make plans to attend the New Family and Student Orientation designed just for you to learn your way around HCEC and meet our teachers, staff and family volunteers. See the Important Calendar Events on page 1 for dates and times.

### What's the Cost?

- Class costs are based on a 55-minute class period for the 12-week semester or one semester. Two-semester re-enrollment and payment is required for the second semester. Many classes have additional charges for materials and supplies.
- A \$20 deposit for every class is required at enrollment, with the exception of homework rooms. This is a Non-Refundable Registration Deposit. See page 44 for more information on our financial policies or contact our Finance Department at [ECFinance@hche.org](mailto:ECFinance@hche.org).
- You can improve your class options by serving! We offer several levels of service at HCEC including Teacher, Vital Partner, Staff and Registration Volunteer that provide families with Registration Priority. This priority improves your Registration Appointment time. Our Vital Partner and Ministry Volunteer program furnishes families with an opportunity to offset class costs, as well as serve others. See the website at [www.hche.org/vital-partners](http://www.hche.org/vital-partners) or pages 51-52 for more information. Serving at High Country is a great way to meet new people!

### Stay Informed!

- The best way to keep up on all that is going on around HCEC is the Weekly Bulletin that is sent by text and email each week. We also send our weather updates out via text so please be sure we have your correct cell phone and email on file.
- Our Guest Services desk is the central hub of knowledge and information for HCEC. During the semester, they can provide you with a tour of High Country on enrichment class days. If interested in a tour, please call (719) 278-9135 for more information.

Now that you have a feel for HCEC, we invite you to take some time to review all of the wonderful classes that we offer for your students. You should begin by reviewing the **Class by Grade Descriptions** on page 5-8 and the **Class Descriptions** beginning on page 9. We look forward to a great semester and are so glad to have you here!

**Worldview I (Gr 7 - Adult)**

Rev. Wayne MacKirdy (719) 510-3303

THIS IS THE FIRST SEMESTER OF A TWO-SEMESTER CLASS. This class was formally known as "Build a Worldview." Surveys reveal that a majority of Christian young people walk away from Christ after 4 years of a university education. Why? Because they are not prepared to defend their faith in a world that, in most cases, presents ideas contrary to their biblical beliefs. This course trains students to articulate biblical responses while addressing key worldview ideas. This study, written by the staff of Summit Ministries in Manitou Springs, lays the groundwork in the 10 disciplines: theology, philosophy, biology, psychology, ethics, sociology, law, politics, economics, and history. The aim of the class is to provide a solid rock for the student to build a life on, before the storm and to put on the full armor of God.

**Worldview II (Gr 10 - Adult)**

Rev. Wayne MacKirdy (719) 510-3303

THIS IS THE FIRST SEMESTER OF A TWO-SEMESTER CLASS. While Worldview I focuses broadly on a biblical worldview by studying the 10 disciplines from theology to history, Worldview II takes out a laser and examines the most foundational question any person can ask: "Is God?" Romans 1:20 provides the method for answering this question by examining all of creation - "the things that are made." After learning how to investigate the things that are made, the students seek to answer 4 questions about the origin of the things that are made: 1. Has the thing always existed? 2. Did the thing create itself? 3. Is the thing necessary because of the laws of physics and chemistry? Or, 4. Did the thing come into existence randomly, by chance? Since the primary avenue of attack by those who would turn the student away from his faith is science, the answer to each question will be found in science and how the authors of the Bible had the answers long before the advent of modern science and the scientific method. The goal of the class is a rock-solid belief that God is, and no amount of criticism or ridicule will draw the student away from that knowledge!

The class will gain a greater understanding of the origins and purpose of dance, how dance is used to combat the enemy, how dance is used to bring order out of chaos, why God takes pleasure in the dance, how to pursue the presence of God through the dance, the healing qualities of the dance, and what God expects in His ministers of the dance. Students will learn movement and will create a dance that will be performed at the end of the semester. (Approx. 15 min of homework daily. Homework includes reading the prescribed book, self-reflection, praying, and entering into a deeper relationship with God by studying His word.)

### American Government Worldview V (Gr 10 - Adult)

Rev. Wayne MacKirdy (719) 510-3303

THIS IS THE FIRST SEMESTER OF A TWO-SEMESTER CLASS. Never, in the history of the world, have the people of a nation governed themselves. And yet, in 1776, a band of men, representing 12 of the 13 colonies, rose up against the monarch of a great nation to declare that they would no longer be governed by that monarch, and that would change the course of human history. With that, a new nation was born, built on the backs of courageous men and women. And yet, from the beginning, there have been forces committed to the failure of that new nation. The future of the Great American Experiment, and the effectiveness of the Deep State's efforts to derail it, will be explored in depth, so that, like the Tribe of Issachar [1 Chronicles 12:32], the students may begin to understand the times, and know what to do. The class will also examine, "How Should We Then Live" in this crooked and perverse generation, to the glory of God.

Topics include: the rock and fossil records, radioisotope dating, the ice age, climate change, the rapid formation of coal, catastrophic geology, and more. Students will be encouraged that, even in a world surrounded by evolutionists, there ARE Christian scientists out there who are helping to show the world that the Bible is true. Using five-minute videos from the Colson Center for Worldview’s “What Would You Say?” program, the teacher will guide thoughtful discussion related to difficult questions such as “Is surrogacy just like adoption?” “Doesn’t love make a family?” “Isn’t abortion health care?” “Is critical race theory biblical?” and “Is gender assigned at birth?” Students will first consider topical questions individually, journaling their own ideas, and then engage in class discussion before and after the class videos. - Classes are designed for enrichment, although parents may choose to give credit for some high school courses. HCEC does not endorse or verify grades given by teachers or credit given by parents.
- Careful consideration has established each class size, grade level and content. Please do not ask the teacher to change these limitations.
- If your student needs a Teacher Exception for age, skill, or prerequisite, please contact the teacher before enrolling and find the Teacher Exception Form at [www.hche.org/registration](http://www.hche.org/registration).
- Contact information is listed in the Class Description, listed above.
- A Teacher Exception does not guarantee enrollment.
- If your child has a special need, learning disability, food restriction or allergy, please talk to the teacher before enrolling for a class. Not all teachers are able to accommodate special needs. A Teacher Exception Form may be required. Any accommodations for special needs students in the classroom must also be approved by the HCEC Administrator.
- **Older-Student Policy:** If a student is 18 years of age or older AND has graduated from high school, they must register as an independent family. They cannot use their family's priority as their own. They will need to schedule a separate appointment under their own name and establish priority as an independent HCEC family.

## Important Things To Know:

- **5-Class Limit** - There is a limit of 5 total classes per child during your first appointment. If you would like to register for additional classes, a second appointment for Wednesday afternoon can be requested before registration at [reg-schedulevolunteer@hche.org](mailto:reg-schedulevolunteer@hche.org). Walk-throughs are available with a held deposit.  
Additional classes may be added during Open Enrollment starting August 7, 2024 through September 4, 2024.
- **Teachers** - If you are teaching more than 5 hours, you may enroll your child during all the hours that you are teaching.
- **Reserved Position** - If your student has been placed on a list for a reserved position in a continuing class, you must enroll them in that class during your initial registration or forfeit their reserved position.
- **High Demand-Similar (HD-S) classes** have restricted enrollment on the first two days of Registration, August 5- August 6th. Additional HD-S classes can be added at Open Enrollment, starting August 7 through September 4, 2024.

## Waitlist Questions and Policy:

When a class reaches full enrollment, you may elect to put your student on a Waitlist. Enrollment from the Waitlist is not guaranteed.

- If you choose to go on a Waitlist, you may not be enrolled in another class at that same time period. *You may place your student on up to two waitlists for any hour in which they are not enrolled in another class, up to four waitlists total.*
- A Registration Deposit is not required to be placed on a Waitlist; however, once a space opens in the class, the student cannot enroll without the \$20 Registration Deposit. See the Registrar to complete enrollment in a Waitlisted class.
- HCEC Administration reserves the right to accept partial Waitlists as it deems suitable for a given class.

**Please do not contact the Teacher about Waitlists.** HCEC Administration makes the final decisions concerning class expansions after reviewing many factors. If a class expands, the Registrar will contact you. Class enrollment can change until September 4, 2024.

## 2. Plan Classes & Complete Registration Forms

It's time to complete your Registration forms. Here's a checklist for what you will need:

- Class Registration Worksheet:** Please complete this form prior to your registration appointment. All other forms will be completed and signed digitally at your registration appointment. See below for details on how to complete the Class Worksheet.
- Teacher Exception Form:** If your student requires an age, skill, or prerequisite exception for a class, please contact the Teacher before enrolling. A Teacher Exception Form must be completed and included for enrollment and can be found online at [www.hche.org/registration](http://www.hche.org/registration).

_____	I understand that Teacher Assistant and Teacher Tot VP positions are subject to class enrollment minimums and therefore subject to change. I also understand that if enrollment minimums are not met but the teacher decides to continue to teach the class, I may choose to continue in my TA position as a Volunteer (without the corresponding class credit) or seek another VP position.
